

PHYSICON-2022

XXXIIIrd Annual Conference of the Physiological Society of India International Conference on

RESEARCH AND TECHNOLOGICAL ADVANCEMENT IN HEALTH SCIENCES AND SUSTAINABLE DEVELOPMENT

3rd – 5th MARCH 2023

About the conference: Human health is defined as the complete state of physical, social, and mental well-being and not merely the absence of illness, disease, or infirmity. It is strongly associated with environmental resources like water, food, energy, etc. Health became the cornerstone of Principle 1 of the Rio Declaration, which states that "Human beings are at the center of concerns for sustainable development. They are entitled to a healthy and productive life in harmony with nature." Health underpins the economy of modern societies, and is an important driver of development of the nation. Ensuring healthy lives and promoting well-being at all ages is essential for sustainable development. COVID pandemic has led to an enormous global health crisis along with destabilization of economy and simultaneously upended the lives of billions of people. After the devastation, a sustainability movement is urgently needed followed by advocacy on how to turn the global spotlight to health and viability issues. The proposed International Conference aims to bring together eminent scientists, researchers, and research scholars from all over the world to share their research experiences, discoveries in all areas of Biological Sciences towards justifiable needs of human health. The impact of environment, food, biotechnological applications, microbial interactions, functional medicines, lifestyle management, etc. on mental, physical, metabolic, and immunological aspects of human health and their rationale in the present scenario is the major focus of discussion in this conference.

Themes of the Conference:

- ❖ Cancer, Immunobiology & Metabolic Disorders
- ❖ Biophysics, Neuroscience & Community Health
- ❖ Toxicology, Pharmacology & Reproductive Health
- ❖ Sports, Ergonomics & Occupational Health
- ❖ Microbes in Health & Diseases
- ❖ Food Science & Technology
- ❖ Bioprocess Technology
- ❖ Nanotechnology & Bioinformatics
- ❖ Environmental Biology & IPR
- ❖ Multidisciplinary & Innovative Biology

Abstract Submission:

Submit the soft copy of the abstract of original research paper within deadline to—abstract.physicon2023@gmail.com

Abstract Format: The text should be double-spaced throughout and with a minimum of 3 cm for left-and right- hand margins and 5 cm at head and foot. Abstract text should be written within 200 words (along with maximum five keywords) with justify alignment and font style should be in Times New Roman 12 point. The title should be written in bold and in capital letters with 14 points. Full address with corresponding author e-mail should be attached.

Publication:

Selected research papers will be published in a special issue of Acta Biologica Szegediensis (ISSN: 1588385X, 15884082) and Indian Journal of Physiology and Allied Sciences (pISSN: 0367-8350).

Registration Details:

Up to 15.02.2023	After 15.02.2023
Research Scholar	
Rs. 2000.00 (20 \$)	Rs. 2500.00 (25 \$)
Delegate	
Rs. 3500.00 (40 \$)	Rs. 4500.00 (50 \$)

Important Dates:

Early bird registration ends on: **15.02.2023**
Last date for abstract submission: **31.01.2023**
Intimation for acceptance of abstract: **10.02.2023**
Submission of full-length selected paper: **01.04.2023**

Payment Mode:

The registration fee to be paid through online transfer –

Account name: XXXIII PHYSICON 2023,

A/c no. 17480110096901

**UCO Bank, Vidyasagar University Branch,
Midnapore, WB, India**

IFSC code: UCBA0001748

MICR code: 721028303

Contact for Registration:

Dr. Sandip Kr. Sinha (+91 9734896021)

Dr. Keshab Ch. Mondal (+91 9434196483)

E-mail: physicon2023@gmail.com

Organized by

Department of Human Physiology

along with

**distinguished faculty members from other
disciplines of Biological Sciences,**

Vidyasagar University

Midnapore-721102, West Bengal, India

in association with

**The Biotech Research Society, India
(BRSI)-VU Unit**
